Barking Moon Farm

2012 Market Share Program

*Certified Organic Vegetables
grown in the Applegate Valley*

*Support Your Local
Farmer,
Eat Well and
Save Money!*

About Barking Moon Farm

We are a small-scale family farm growing certified organic vegetables in the Applegate Valley. Melissa and Josh run the farm along with their small children, Everett and Ava. We have been farming for six years. We have a homestead of ten acres with 5 greenhouses and eight acres in vegetable production.

We are committed to building the local food system and providing fresh, nutrient dense vegetables to the Rogue Valley community. We sell produce at various farmers' markets in Ashland and Grants Pass, at several retail stores, area restaurants and caterers as well as through the Siskiyou Sustainable Cooperative and our very own Winter CSA program. Keep updated about farm happenings at barkingmoonfarm.com.

Thank you for supporting our farm this season. We look forward to growing food for you and your family.

How It Works

- * You purchase a credit at the beginning of the farmers' market season called a "Market Share".
- * We have 3 Market Share options. Shares are limited and must be purchased by May 1st to receive season discounts.
- * Use your Market Share card at any of our farmers' market booths in the Rogue Valley from March through November. We sell at several farmers' markets in Ashland and Grants Pass.

Why join our Market Share Program?

- * You save up to 15% on produce at our market booths.
- * Unlike a typical CSA share, you get to choose what you want to eat.
- * Your financial commitment to our farm at the beginning of the farming season is critical to help us fund seed purchases, employees, supplies, equipment, cultivation and planting.
- * Together, we create a strong personal connection as the food we grow makes it to your table, strengthening our community through locally-grown organic vegetables.
